

MOUNT ORAB LIONS CLUB

From the President:

The nuts have arrived (the edible kind that is)! Let's help our new member and Chairperson of the nut sales committee, Tim Guthrie, break last year's sales target and force him to have to order more!

Walnuts and pecans are perfect for baking, the giant cashews are downright irresistible, the Gold Tin is a great gift idea and the Sweet & Salty Trail Mix has it all.... nuts and chocolate at a reasonable price. Take some of each to sell and plan to be back for more.

Thanks to all members who continue to give of their time, energy and support at our fundraising events. Your help is greatly appreciated.

LEO CLUB NEWS

Something about YOUR Leo's----

The Leo's are trying to help themselves and the Mount Orab Lions Club by selling October Pancake Breakfast tickets. This is something new for them and us.

From the last report the Leo's are trying to use the park and our Shelter House for a Friday Night Football Tail-Gate Party. I hope they can get it together.

Membership into the Leo's is growing. I hear we have about 7 new members. Each new member will pay \$5.00 for their membership kit and \$5.00 goes to their Treasury.

They also may pay from Ripley Leo's a Button or Badge-A-Minit for a fund raiser (they can put a message or pictures on buttons for sale).

We will keep you all up to date on Leo's.

PDG Bob Richmond

Candy Days Results

We collected \$1,212.48 in donations during our Candy Days Project. Of the money we collected, \$575.00 was donated to the Ohio Lions Club Eye Research Foundation for Diabetic Eye Research.

The remainder of our contributions will be used locally to help support our many projects.

Special thanks to our members that volunteered their time.

Membership news:

FLASH FROM FLOYD NEWBERRY, JR. (PID, that is)

There are many reasons to become a Lion. Although service to others is what Lionism provides, one group of prospective members may be more interested in service to youth while another may be more interested in networking and the personal development that comes from helping others. Does your club have a project that a certain target group or individual would particularly appreciate? To maximize your membership invitation potential, ask: "What sets my club apart from the other clubs or groups in town?" Why should prospects spend their time investing in your club rather than some other group? Is there one thing that your club can offer that no other group can offer? Let's get out and "sell" that or those benefits!

Did you know that spouses of Lions can now join our clubs without paying the \$25.00 admission fee? And also did you know that former Lions who left their clubs in "good standing" can rejoin our organization without paying the \$25.00 admission fee? Let's take advantage of these excellent opportunities to increase our membership.
